WOMAN'S WORLD AND WORK
LILIAN CRAWFORD PERKINS

The tree would have the Dutchman climb the tree.

"Love is the spirit of life and means the life of the spirit."

The rain streams down like strings from the sky.

The wind that world old harpist, su-

perbly,

And ever as he sings his low refrain,

He plays upon the harp strings of the rain?

—Taken from Hesiod's *Works and Days*.

My Alived.

His form is a field where the hedge grows green.

His eyes are pleading for faith in you.

His stumpy tail and bushy frame tell of his breed so royalty true.

Awkwardly homely, he is somewhat ugly.

This wonderful wilderness dog of mine,

God compensates in a wonderful way.

What he seems to overlook in moulding clay.

—Mary Smith Baker

**HOPELESS DISEASES
CANNOT BE CURED BY
DOCTORS OR MEDICINE**

There are some diseases which are absolutely hopeless and past cure by any physician or medicine, but they may yet be palliated and a medicine if it can not help in one case it may help in another. To any one suffering from a disease a common as a degree of health and a medicine that relieves or palliates a disease is of great benefit. We cannot claim to cure any disease with Number 11. For the blind, but we quote word for word what the ingredients are as recommended by one of the best physicians and No. 11 is a Master Medicine. In the treatment of blood poison, an acknowledged specific among all schools of physicians, removes the causes of disease and stimulates the removal of wastes thus indirectly ensuring good nutrition. The orders of the previous system demand this remedy, such as rheumatism, chronic rheumatism, gout, gouty arthritis, and neuritis, and other diseases of the joints, and especially those with phenomenal success in cases of skin diseases, lumbago, glandular swellings, abscessions of mucous membranes and in general disorders of the stomach, liver, kidneys and spleen prepared by J. G. Menchell, Elkhornville, Ind., 50 years a druggist.

New Hair Remover
Gets Roots and All

Here's the greatest thing for hairdressing wigmaking that has happened in a hundred years! A way to actually remove the roots of superfluous hair easily, quickly and painlessly. This does away forever with shaving, electrolysis, and the application of preparations which merely take off the surface hair.

The new phlebotomy is so certain to remove the entire root that that druggists are finding it one of their best sellers. There's no odor or messiness about phlebotomy, and it entirely removes pollisons and is absolutely safe.

Phlebotomists today follow the simple directions, and you will have the surprise of your life. With your own eyes you will see the roots come out! —Adv.

STYLE IN THE DANCE

This fall is supremacy.

The superior dancer will be the one who expresses the utmost of style, of individuality in the dance.

**LAXATIVE
for
Aged
People**

THE BANE of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action.

HISTORY OF TULSA COUNTY IN WAR OFF PRESS OCT. 1

With 250 pages of reading matter, 236 illustrations and reproductions of photographs of all Tulsa county boys who died in the great war. Tulsa county in the War. The publication contains a record of the war and activities during the period of an emergency will be a book that every family will be proud to have in its library according to members of the committee preparing the work for publication.

Clarence R. Douglas, J. Burr Gilbon, L. G. Long and W. T. Lampe,

the paper historians who directed collection of data for the history, held what was termed a semi-final conference at the chamber of commerce yesterday. This committee was appointed to censor copy to be used in the history.

It is the desire in obtaining material that the book will be ready for the market before October 1. The book bound volume will sell at \$1 with the cloth bound copy retailing at \$1.50. The committee hopes the book will be a work of art and a \$5.00 edition. All persons desiring copies are directed to address their order with a check to the Tulsa Historical Society.

SANITARY COMMISSIONER THREATENS PROSECUTIONS

C. C. Cook, city sanitary inspector, states that the punishment meted out to Elvish Puckett, former, for violation of health laws, is fair warning to the few farmers, producers of milk, who persist in ignoring mandate of the city requiring all producers of milk and products to register with the city health department.

Puckett resides four and one-half miles west of town and according to Cook he repeatedly refused to comply with the law relating to regis-

stration. Puckett was hauled into court recently and paid a fine of \$13 and costs of the case. The law in question orders all farmers, producers of milk that is ultimately consumed in the city to register with the health department.
